REACT NATIVE APPLICATION DEVELOPER

React Native Developer with 4+ years of experience building, deploying, and optimizing mobile applications for iOS and Android. Skilled in React Native, TypeScript, and native module integration (Swift, Kotlin, Java, Objective-C). Proven expertise in App Store & Google Play deployment, biometric authentication, PDF rendering, and push notifications. Adept at working in Agile/Scrum environments, collaborating with cross-functional teams, and delivering scalable, high-performance mobile solutions.

CORE COMPETENCIES

- Mobile Development: React Native, JavaScript (ES6+), TypeScript, iOS & Android
- Native Modules: Objective-C, Swift, Java, Kotlin
- State Management: Redux, MobX
- API Integration: RESTful APIs, Axios Interceptors
- DevOps & Deployment: App Store Connect, Google Play Console, Fastlane
- UI/UX & Features: Deep Linking, Navigation, Biometric Authentication, PDF Rendering, Push Notifications
- Tools & Collaboration: Git/GitHub, Azure DevOps, Agile/Scrum

PROFESSIONAL EXPERIENCE

Mobile App Developer - Onward Technologies Limited, Chennai | May 2024 – Present

- Developed and deployed HRMS mobile app for 5k+ employees, available on App Store & Play Store.
- Implemented biometric authentication (Face ID, Touch ID, Fingerprint, Face Unlock) using native APIs, improving security and user adoption by 35%.
- Integrated PDF rendering & native modules, reducing load time by 30%.
- Managed end-to-end deployments for iOS and Android, including provisioning profiles, certificates, signing keys, and store listings.
- Applied MobX state management and centralized error handling with Axios interceptors, improving maintainability.
- Collaborated in Agile sprints with product owners and QA teams, ensuring 95%+ sprint completion rate.

Full Stack Developer - Knackforge, Chennai | May 2022 – Dec 2024

- Maintained and enhanced iClassPro mobile app (React Native) for iOS & Android with 50k+ active users.
- Optimized app performance by 25% through lazy loading, bundle size reduction, and improved navigation flow.
- Implemented API integrations, Redux state management, and push notifications.
- Collaborated with UI/UX designers to deliver scalable and responsive interfaces.
- Contributed to web application development (Angular) with reusable UI components.
- Contributed to mobile app development (React Native) by building reusable components, improving navigation flows, and optimizing performance; also supported web application development (Angular) with scalable UI components.

Executive Schedule - Sun Network, Chennai | Nov 2019 – Nov 2020

Developed internal web applications using AngularJS, Vue.js, HTML, CSS, JavaScript, MySQL.

Associate - Think & Learn Pvt Ltd , Bangalore | Nov 2020 – Mar 2021

Supported development teams in delivering educational technology solutions.

Education

B.Tech – SNS College of Technology, Coimbatore, Tamil Nadu | 2015 – 2019 | 82%

Certifications

Web Development Certification – Softlogic Academy | SAP MM Certification – ACTE, Chennai
